

CollegeFish

CollegeFish.org is a web tool created by Phi Theta Kappa Honor Society to aid community college students as they plan their future after community college, either through transfer to a 4-year institution in pursuit of a baccalaureate degree, or by entering the workforce. Currently, CollegeFish.org is focused on providing transfer assistance to students.

CollegeFish.org is a tool designed specifically for community college students. Any student who is currently enrolled at a community college that has partnered with CollegeFish is automatically enrolled in CollegeFish.org through the school and will receive specific information from their transfer center. Access to CollegeFish.org by students is free. For more information, visit www.bscc.edu,CollegeFish.org (collegefish.org/registerme), or contact the Office of Student Services.
