

Independent Study

Independent study is an atypical mode of instruction that must be undertaken only if the following guidelines are met and no other viable options are available.

- Independent study courses must be based on the same syllabi as the corresponding regular courses.
- Students taking independent study courses must complete exams and assignments equivalent to those required in regular classes.
- All independent study courses must be approved by the instructor, Division Chair, and the appropriate collegewide Associate Dean (Academic, Technical, or Health Sciences).
- Instructors must meet with students in independent study courses on a regular basis depending on delivery method (Traditional, Hybrid, Online, etc.).
