

Statement Of Catalog Responsibility

Generally, the student is bound to the program requirements in effect at the time of the student's initial registration at the College. When a student changes his/her program or is readmitted to the College, the catalog at the time of the change becomes the catalog in effect. As courses and program requirements are revised to the extent that it becomes impossible for the student to meet the requirements of the original catalog in effect, it may become necessary for the student to conform to the requirements published in the most recent edition of the catalog.

This Catalog is the official announcement of the program requirements and regulations of Beville State Community College. Students enrolling in the College are subject to the provisions stated herein. Statements regarding programs, courses, fees, and conditions are subject to change without advance notice.

This Catalog is effective from August 1st through July 31st.
